

Empowering Communicators, LLC Services Provided

Evaluations

- > Completed at enrollment to determine treatment plan
- > Include formal testing, observations, and caregiver questionnaires
- > Evaluation reports are provided to the family following each evaluation
- > Must be completed prior to enrollment into Individualized Therapy sessions

Individualized Therapy

- > Activities implemented to address skills your child needs
- > Recommendations to continue throughout the week to aid your child
- > Session notes will be completed each session and provided to the family via email

Caregiver Coaching and Collaboration

- > Options to meet in person or virtually (i.e., facetime, zoom)
- > Frequency varies on need and interest
- > Discussions with caregivers focused on personalized recommendations, skills tracking, and monitoring of developmental milestones

Peer Play

- > Meet with families in age- appropriate activity spaces to help children and families engage in peer interactions with confidence
- > Family will be accompanied by a Speech-Language Pathologist (SLP) to help prompt and guide on ways to communicate and play with others in the facility
- > Peer interaction is limited by attendance of other individuals in the facility at the time of the session
